

DUO FORMULA

Introduction to the art of « Mushing ».

You and your partner drive your own sled. Your guide is ahead of you in his own sled.

Safety first :

Secrets Nordiques put everything together in order to offer you a safe adventure. Our professional guides have all the certifications required. As the day goes by you will receive guidelines and directions concerning the security issue. We take the privilege to modify or cancel the activity for security purposes.

Max Ratio: 1 guide for 5 guests

Group: min. 1, max. 15 peoples

Intensity: medium

Technical Level: moderate

Rates: www.secretsnordiques.com

Details of your Adventure:

Our base Camp is located at the heart of the installations of Mont-Sainte-Anne Cross-Country Ski Resort, only 50 minutes from Québec, where all services are available (Tons of Fun, Food and Lodging).

Your Adventure begins with a 30 minute safety briefing and training with your guide. You will be introduced to your leader dog in order to quickly build a special bond. Your participants are two per sled; one is the driver, the other one passenger. The uneven numbers will share a sled with the guide.

On the snowy path, your guide will give you advice on the care for the dogs and on the unique aspect of Quebec's Winters. The participants can switch places multiple times in order to get the best out of the adventure.

At the finish line, each individual must congratulate every dog before visiting the Canine Village (our kennel) for 30 minutes with your guides. You will learn a lot about the nordic dog's life and the peoples that passionately care for them

Schedule of your Adventure

Show-up 30 minutes before start

1st to 30th minutes : Safety Briefing

30th to 90^e minute Dogs sled ride
